We are in receipt of a complimentary ticket to the Cape Girardeau county fair, which meets Oct. 5 to 9. This will be one of the best fairs ever held in Cape Girardeau, and one of the features will be a trotting ostrich, with a track record of 2:12. This is a bird that hauls its driver at a speed not approached by the horses, with which it enters races. This is well worth while to see.

We are closing out our Columbia, Victor and Zonophone 10 inch records at 45 cents each. We have 1,000 records in stock. Also a good discount on graphophones. Chas. Goodrich, Caruthersville.

Dunklin County Democrat: The man who gave his name as Fred L. Baker, who attempted to hold up and rob Cashier W. P. Chatham, of the Farmers' Bank at Clarkton, in August, under a plea of guilty, was sentenced to 3 years in the penitentiary, Wednesday. He still refused to give his correct name, or tell where his folks live. He says that he has a brother who is a county judge, another who is county attorney and another who is city clerk, somewhere—in some distant state, he intimates, where they will not likely hear of his trouble. He is a steeple-jack painter, by trade, it is believed. He has never made an effort to let any of his friends know where he was.

Attorney J. H. Bradley and W. S. C. Walker have brought suit against the Frisco railroad for \$50,000 damages on account of the deaths of the five children of A. H. Hyde. It will be remembered that they were killed by a railroad train, the night of August 15th, 1909, at a railroad crossing, north of Kennett, nine miles. Three of the victims were of age, and their father is administrator of their estates, and the suits are in his name, as administrator, for these. Two of the children were minors, and the father is suing as a parent, in these cases. The cases will attract much attention and will, no doubt, be warmly contested, by both sides. It is understood that the engineer of the train, Arthur Hardin, is to be prosecuted for criminal negligence.—Kennett Herald.

Blytheville Courier: A light green colored worm, something like the silk worm that attack corn when in silk, is reported to be playing havoc with cotton in the North Sawba neighborhood. This worm attacks the full-grown boll as well as the young boll by boring into it and depositing its egg, which soon hatches and begins devouring the inside substance of the cotton boll, thus doing great damage to a cotton field that is attacked by them, and they seem to be spreading with an alarming rapidity. A gentleman was in from North Sawba last Saturday, and said he had a 20-acre field of cotton that two weeks ago promised a yield of over two bales per acre, which, since attacked by these worms, would be glad to get half a bale to the acre. They are not boll weevil, as many farmers believe, but are very damaging to cotton no matter what they are called.

## No Rest Day or Night

"I would lay awake for hours without any apparent cause, or dream terrible dreams which would bring on extreme spells of nervousness. After taking Dr. Miles' Nervine and Tonic for awhile I could sleep well, and the nervous spells have left me." MISS ALMA HUG, R. R. No. 4, Canal Dover, Ohio.

Without sleep the nervous system soon becomes a wreck, and the healthful activity of all the organs obstructed. Restful, body-building sleep accompanies the use of Dr. Miles' Nervine because it soothes the irritable nerves, and restores nervous energy. When taken a few days according to directions, the most restless sufferer will find sleep natural and healthful. Get a bottle from your druggist. Take it all according to directions, and if it does not benefit he will return your money.
